Sierra Atlantic, one of the world's largest IT solutions providers, Saturday opened its new campus here.

A leader in offshoring enterprise applications and outsourced product development, the company has invested \$14 million in the state-of-the art campus, equipped with modern facilities coupled with the latest technology and ergonomics.

The first phase of the campus has a total built-up area of 200,000 square feet and will house 1,500 employees. The second phase, covering a built-up area of 350,000 square feet is planned to accommodate additional 3,500 employees, the company said in a statement.

The campus reflects Sierra Atlantic's commitment to consistent growth, with its employees and partners, it added.

Upon completion, the campus will have world-class facilities including modular workspaces with break out areas, an expansive cafeteria, a modern gymnasium, tennis and basketball courts, a cricket pitch, and internal landscaped atriums.

'The campus along with our proven ability to recruit and cultivate India's brightest engineering talent further enhances Sierra Atlantic's capability to deliver world-class IT services to our global customers,' said Raju Reddy, chief executive officer, Sierra Atlantic.

'The new facility will enhance our ability to scale operations as per customer demand and meet our promise of 100 percent customer satisfaction,' he said.

Sierra Atlantic is offering services in the new Oracle economy, outsourced product development, and Microsoft competencies, with global delivery from both India and China.

Headquartered in Fremont, California, the company has operations in 16 countries across North America, Europe, and Asia Pacific.
