

Auto India's portal in few years span has made its mark and now is counted among few successful names in this fast track internet world.

India's top Auto Portal - AutoIndia.com by means of its single-mindedness yes, we are talking about its passion for Customer Satisfaction, today has pulled off 500 per cent development over the past six months, not only this it has crossed successfully all the competitive levels, emerging as India's number one Auto Portal.

Trivandrum, Kerala, IND, 2006-07-21 05:07:12 (IndiaPRwire.com)

The site recorded the sales of nearly 1280 vehicles in July 2006 alone - which translates a sale of a vehicle every 38 minutes.

The portal has drawn in about 6000 buyers and sellers in a month and propagating customer familiarity and grasp giving lead to as many as hundreds of new car and bike in a single day.

Amazingly, the site has witnessed more than 2.6 million hits alone in this month reaching an average hit rate of 1.25 - 1.75 lakh per day.

- END -
