It is a fact that over seventy million Americans suffer from asthma or allergies. To help all such people who are suffering from asthma or allergies enjoy their vacation, Golden Arrow has introduced allergen free and environment friendly guest rooms. Travelers can experience the serenity & beauty of the Adirondacks with allergen free rooms at the Golden Arrow Lakeside Resort.

Golden Arrow has upgraded/improved a whole wing of allergen free rooms. These rooms are located on the north wing 1st floor of the resort. They have beach access right out the patio doors and are situated in a very comfortable location.

Each room has floors made of bamboo wood (which works with both their allergen free and environmental initiatives because bamboo is a renewable resource). A high efficiency Hepasilent air filter removes dust mites from the covers on the beds and pillows. Hypo-allergenic linens & chlorine filters on the showerheads are also used in these rooms. The cleaning products are all natural ingredients such as baking soda & vinegar. Curtains have been replaced with blinds and they have leather furniture which reduces dust buildup.

'We have worked long extraneous hours on these rooms and we are very sure that for anyone who has an allergy, this would be the perfect place to enjoy a vacation,' says Jenn Holderied of Golden Arrow. She also says, 'These rooms are now ready for our guests to enjoy the serenity & beauty of the Adirondacks.'

Along with allergen free rooms, Golden Arrow Lakeside Resort offers many seasonal packages like *Links & Drinks Weekend Golf Package, Links & Drinks Midweek Golf Package, May Madness, 2007 Lake Placid Marathon Package, Iron Man 2007 Training Special, and special package for Motorcyclists.* The Golden Arrow Lakeside Resort also provides a beautiful setting for outdoor pleasures. Golden Arrow Lakeside Resort is located directly on the shores of Mirror Lake and in the heart of the Olympic Village which makes everything from shopping to skating very easy for people coming to Lake Placid.
