YarnsandFibers.com, the leading provider of Textile Market Intelligence and Market Development is pleased to announce a partnership with China Chemical Fiber Economic Information Network, known as CCFEI on building a Business Bridge between India and China. The relationship allows both organizations to exchange trade offers, companies thereby offering members value added service.

YarnsandFibers for the last 9 yrs of operations have been constantly facilitating trade using online and offline mechanisms. YnFx focuses on making trade easy, bringing people closer and delivering maximum value to the textile industry. In its Endeavour to make online trade simple and easy, YarnsandFibers has recently launched the NEW YNFX EXCHANGE. (YNFX.com) The New YNFX - Market Development Plan allows members to create their own dynamic Microsite to showcase their products, publish pricelists online, manage member communications, new user-friendly interface, and many more features and functions. Members can learn complete details of prospective buyers and suppliers prior to contacting them.

'Joining hands with CCFEI allows us to reach and interact with China market and bring offers on a single platform from both countries' says Mr. Sanjiv Khandelwal, CEO of YarnsandFibers.com.' This is a key opportunity to bridge global trade and this partnership will lure more and more buyers - sellers to use online platform to find customers for their product.

'Cooperation with YNFX brings more business opportunities and interaction for both Indian and Chinese market players.' says China Chemical Fiber Economic Information Network (CCFEI).
