*Just Your Size Designers caters to medium to plus size women who usually find it very difficult to find something they can wear, which fits great and looks good on them. If they go to their neighbourhood tailor, there is no guarantee of quality, no advice, no fashion trends, no customization, low quality of work, no trials....pew! On the other side of the spectrum, there are exclusive designers who give you the latest but it costs the moon. So what does one do to get the best of both worlds?*
