

Create your innovative products around i.MX27 design

iWave join hands with Freescale for its futuristic design

Bangalore, Karnataka, IND, 2007-11-01 17:06:04 (IndiaPRwire.com)

iWave Systems (www.iwavesystems.com) unveils its next generation design on Freescale's i.MX27 processor running Microsoft WinCE 6.0. iWave engineers have carved this design at a lightening pace by harnessing their expertise to bring out power efficient palm held products.

In an exclusive demonstration to the press, iWave's Managing Director Mr. Mohamed Saliya, announced the evolution of its third generation handheld design iW-RainbowG3 which would accelerate the product manufacturers to turn their new **fabulous multimedia** products in short time.

iWave's flexible and cost effective design solution is a boon for the fast Growing consumer market and Product developers need the elemental flexibility to reach their aggressive targets, without compromising on development time, cost, power and form factor. **This innovative design benefits OEMs to fuel their niche products.**

iW- RainboWG3 is rich in communication with USB 2.0 (OTG, Host, Device), Serial port, Ethernet, Wireless (WLAN 802.11 b/g, GSM/GPRS/EDGE) connectivity. Storage includes 32 MB Flash (Scalable), 64 MB DDRAM (scalable), SD/MMC and CE-ATA HD. The other peripherals supported are 3.5'/7' TFT LCD with Back light, Touch panel, Audio in/out, Video in (S video/ Composite), Video out (RGB or YPbPr / S Video or Composite), 2 Mega Pixel CMOS Camera and 3.6 V Battery.

'Gain Momentum to churn out world class Multimedia products (Video IP Telephony, Portable Media Player, Smart Phones, IPTV…) centering around our novel design using i.MX27 and chisel your success stories.' said Mr. Mohamed Saliya.

The other possible application involves Medical PDAs, Information Kiosk, Rugged PDA, Sports terminals, Field force terminals, Door phones, Retail, Video on Demand terminals, Mobile TV, Multimedia handheld players, Video conferencing nodes, Handheld data loggers, Hand-held gaming, Smart Phones, Surveillance systems what else and what not ?

iWave offers concept-to-production design services in Communication, Consumer and Automotive markets.
