

Webdhaba Online Ordering Adds New Restaurants and Features for Fast Takeaway & Delivery in Bangalore

Webdhaba Bangalore's fastest growing online food ordering portal today announced adding new restaurants to its popular online ordering portal. Users can now easily order online from a choice of cuisine for all occasion and all budgets with a few simple clicks. The wide range of food include Snacks, Pizza, Rolls, Indian, Euro, Chinese, Cake, Thai, Continental food from a range of restaurants spread across Bangalore.

Bangalore, Karnataka, IND, 2008-03-29 03:42:36 (IndiaPRwire.com)

Bangalore's fastest growing online food ordering portal added new restaurants to its popular online ordering portal increasing its reach across Bangalore . Users can now easily order online from a choice of cuisine for all occasion and all budgets. Using webdhaba's online ordering, there is no miscommunication when placing the order, all latest menus are available 24x7, the customer is never put on hold. Customers do not have to repeat their delivery address or preference every time they place a order. Online Ordering at webdhaba.com is smart easy fast and refreshingly simple. The orders are forwarded to the Restaurants through the webdhaba order processing team in the call center and customers get a email or sms acknowledgement and delivery status.

"Webdhaba online ordering makes it easy & fast for you to get your favourite food" said Ajay Mohan, CEO, Webdhaba, adding "Whether you want to order a quick bite, a family meal, a special dining out order or a large office group/party/catering order or a get-together or party at home, webdhaba features simplify online ordering and frees you from searching for lost menus, locating contacts nos. finding numbers busy or being kept on hold ! Being put on hold, specially when your guest are already on their way, can be unnerving! Even after getting the line it's often difficult to put together a good order in a hurry and a mistake often ruins the entire meal ! All this is avoided when you order online on webdhaba. You browse the menu, select what you want when you want to have it delivered (you can order days in advance too for that party or catering or meeting) and place your order - even paying online for it. Our ordering is fast & convenient "

The Webdhaba restaurant list is the fastest growing. Already having signed up some of the best loved restaurants in town like Chung's Chinese Corner, US Pizza, Kaati Zone, Beijing Bites, The Dhaba, Malgudi, The Great Wall and so many others that cover all of Bangalore have signed-up arrangements to be sold through webdhaba online ordering portal. Speaking on the occasion , Ajay said , "We decided to use 24x7waiter, India's 1st online ordering engine, to power up webdhaba instead of customised development. This was the only engine that was localised for India and offered a ready and proven solution that could handle our feature expansion plans. 24x7waiter also speeded up the launch of webdhaba as all modules we needed could be easily configurable by our team to give the user experience we wanted and it allowed us to manage multiple restaurants and complexity of our portal out of the box ! "

Ordering food online on webdhaba has been made a very rewarding experience as well. Every order you place earns you points good for free food . You earn points on your registration too and every valid friend referral you make gets you points as well. There is a special offer and freebies users can win - details of current offers on webdhaba website and sent on your registration email.

- END -
