New Delhi, Delhi, IND, 2008-04-11 01:00:00 (IndiaPRwire.com)

**MRON** International Limited, one of the leading Manufacturer's & IT Peripherals Distribution Company, is now offering three-year warranty support on its range of Computer Casings. This is for the first time in India that Computer Casings will be available with a three-year warranty.

**MRON** has announced a new business strategy to stake out a stronger position in the domestic market by offering three-year warranty on its entire range of Premium Series Computer Casings and two-year warranty on Semi-Premium, Classic and Regular series. Rajeev Rohatgi, Vice President (Sales & Mktg.), **MRON**, said 'We have come up with way out what all users have been waiting for, to eliminate all fears of their Computer Casing ending up in a junk pile'.

He further elaborated, 'We have received impeccable response for our range of computer casings from the Corporate and the SOHO segment which instigated us to come up with policy of extended warranty'. 'The new strategy, with focus on strengthening our relationship with our channel partners, will emphasize on bolstering strong brand presence, extensive product support and aggressive sales and marketing across the country for MRON', Rohatgi added.

**MRON** Premium Series Computer Casing includes '**Ark**', '**Skiff**' and '**Potter**' comes with ergonomic designs, solid gauge and robust structure, pre-fitted with dual SATA and PATA connector. Besides this, it also handles the voltage fluctuations, power surges and its thermal control feature maintains internal temperature below 38 degree centigrade.

**MRON** an ISO 9000:2001 company gives its customers the assurance of the best quality product at the right price carrying a mixed bag of computer peripherals consumer electronics & power conditioning products.
