Gurgaon, Haryana, IND, 2008-04-12 15:19:48 (IndiaPRwire.com)

Stellar Information Systems, a leading company of data recovery products and services announced to set up of its branch office in New Jersey, and the east coast of the United States of America. The office will be officially inaugurated in the second quarter of 2008. Stellar is the first Indian Data Recovery Company to open an office in the United States. The new office will have Class 100 Clean Room facility and will provide support and service to existing customers and new customers.

"As expected increased demand for our products in the American market, we are proud to create our new office in New Jersey. Having a direct presence in the US will help us win the confidence of our partners and increase our share market. U.S., in fact, is very strategic market considering our long-term plan for this market," said Sunil Chandna, CEO, Stellar Information Systems Ltd

The office of the United States of America and the world enterprises will be carried out through subsidiary Stellar Data Recovery Inc. The technique of highly qualified personnel for this centre will be from India. The operations and business development team will be composed of local professionals.

United States of America is Stellar's one of the most important market and the company had good business generated by this market in the last calendar years. The company has also started 2008 with several major projects in the pipeline. The opening of this subsidiary in the United States will help the company to meet the market better.

Stellar Information Systems Limited is an ISO 9001-2000 certified company specializing in data recovery and data protection services and solutions. The company was founded in 1993 by a group of technocrats. Headquartered in Gurgaon, the company now has 11 branches throughout the country. Stellar is the only player data recovery with a class-100 Clean Room structure to ensure effective recovery even in cases of media, which is severely damaged. With over a decade of experience in this area, Stellar has established itself as a market leader .
