

Cliniminds - India's First Online Clinical Research Education, Training & Management Academy

Cliniminds today announced the launch of wide range of Online clinical research training programs in the field of clinical research, through its portal www.cliniminds.com

New Delhi, Delhi, IND, 2008-04-21 14:00:00 (IndiaPRwire.com)

Cliniminds today announced the launch of wide range of Online clinical research training programs in the field of clinical research, through its portal www.cliniminds.com

Dr. Amit Bhatt, President & CEO of Nexus Clinical Research (NexusCRO) who inaugurated these programs said **'Online and distance learning programs offered by Cliniminds are of high quality and cost effective. It can address the needs of students from all over the country, as it is not possible for every student to come and attend such programs in bigger cities and pay high fees and very high living costs.'** According to Dr. Bhatt, **'These programs are also very useful for the continuous clinical research training for the clinical research and pharma professionals at CROs, pharmaceutical companies and hospitals where trials are conducted.'**

Cliniminds is the largest Online and Distance Learning provider in India and offer wide range of clinical trial training programs.

Some of the Online programs that are offered by Cliniminds are - Advanced Post Graduate Program in Clinical Research; Certificate Program in Clinical Research; Certificate Program in Pharmacovigilance; Certificate Program in Quality Assurance; Certificate Program in Conduct & Management of BA/BE Studies; Certificate Program in Monitoring of Clinical Trials; Certificate Program for Investigators & Site Personnel and Certificate Program in Clinical Research for Nurses.

All Online and distance learning programs are certified and accredited by Pharmaceutical Society of India.

Students or professionals who would like to undertake these programs can make payment online through credit card, debit card or through e-check facility and can start the program within few days upon signing up for the course. Cliniminds also offer students payment in easy interest free installments.

- END -Cliniminds is an innovative training company providing a wide range of clinical research related training solutions to the students, pharmaceutical companies, CROs and healthcare companies in India and other parts of the world.
