

Hydus Inc. Sponsors TUCON '08

Hydus Technologies (India) Pvt, Ltd. (<http://www.hydus.com>) - a Hyderabad based solutions provider in Enterprise Application Integrations (EAI) and Enterprise Data Management is proud to be a Gold Sponsor of the TIBCO User Conference (TUCON) 2008.

Hyderabad, Andhra Pradesh, IND, 2008-04-25 15:38:27 (IndiaPRwire.com)

Hydus Technologies (India) Pvt, Ltd. (<http://www.hydus.com>) - a Hyderabad based solutions provider in Enterprise Application Integrations (EAI) and Enterprise Data Management is proud to be a Gold Sponsor of the TIBCO User Conference (TUCON) 2008 (<http://tucon.tibco.com>) starting April 29th through May 2nd at San Francisco Marriott. TUCON is a unique opportunity to interact with other IT professionals who use TIBCO's software to overcome business and technical challenges.

"As always, we look forward to meeting with the executives from IT and hear their most pressing integration and Enterprise Information Management (EIM) challenges and devise solutions to attain their objectives. This year, we are excited about our new solutions offerings around EIM and Master Data Management (MDM) which will be showcased at TUCON 2008" said Sharma Anupindi, CTO and Director of Hydus.

Hydus executives and engineers will be available at the Gold Sponsor booth #229 to showcase the organization's latest innovations and offerings. Since 2000, Hydus led the Enterprise Integration, BPM, and EIM services domain as a "niche-player" in the market. Leveraging its Hyderabad facility, Hydus delivers cost-effective Service-Oriented Architecture (SOA) based solutions and 24*7 Enterprise Support. Partnering with TIBCO, Hydus provides clients with innovative solutions to achieve SOA and (BPM) success.

- END -

About Hydus

Hydus, Inc. is a multinational corporation that provides strategic IT solutions in enterprise applications integration (EAI), composite business applications and information architecture. Hydus consistently improves customers' productivity by integrating existing systems with innovative solutions, providing high-quality services, and ongoing support.

Hydus has successfully implemented SOA-based projects for Fortune 500 companies since 2000. With delivery centers in Houston (US), Vancouver (Canada) and Hyderabad (India), Hydus provides the technology, services and people to deliver quality, cost-effective, and timely enterprise solutions.

Hydus' strategic product offerings include: Hydus Integration Services (HIS), a comprehensive group of integration services that provides support and functionality for all integrations; Hydus Workflow Framework (HWF), framework and reusable services for dynamic, rich and reusable workflow solutions; and Hi5, a robust methodology that addresses all aspects of enterprise information and data management
