

## RG Stone Urology & Laparoscopy Hospital organizes free health check-up camp

*RG Stone Urology & Laparoscopy Hospital, India's largest chain of super speciality urology hospitals and the first & only super specialty urology hospital in India organized 2 day free health check-up camp at its East of Kailsh hospital centre. About 200 people benefited from this camp. 40% of the attendees tested positive during their check-up. These patients will be given 20% discount on total treatment cost. RG Stone Urology & Laparoscopy Hospital has decided to provide completely free treatment to poor patients apart from the medicine and syringe cost.*

New Delhi, Delhi, IND, 2008-05-06 11:34:23 (IndiaPRwire.com)

RG Stone Urology & Laparoscopy Hospital, India's largest chain of super speciality urology hospitals and the first & only super specialty urology hospital in India organized 2 day free health check-up camp at its East of Kailsh hospital centre. About 200 people benefited from this camp. 40% of the attendees tested positive during their check-up. These patients will be given 20% discount on total treatment cost. RG Stone Urology & Laparoscopy Hospital has decided to provide completely free treatment to poor patients apart from the medicine and syringe cost.

This 2 day free health check-up camp is part of CSR activities of RG Stone Urology & Laparoscopy Hospital which aims towards serving the larger section of the society which can't pay heavy fees of treatments. During this camp patients were checked with Kidney Stone, Gall bladder stone and hernia. Giving his blessings to this noble cause, Dr BS Bansal, CMD- RG Stone Urology & Laparoscopy Hospital said, 'We are equally committed to the cause of all sections of the society. By bringing and adopting new technologies in our country we have contributed to the advancement of the country at the same time organizing such free check up camps help us to serve the weaker section of the society. Today, I am very delighted at this effort and I hope that RG Stone Hospital will carry on this activity at all its centers.

- **END** -RG Stone Urology & Laparoscopy Hospital is the first super specialty urology institute in India. Urological care in India took a giant step forward in the year 1986 with the establishment of R G Stone in Mumbai. Under the affluent guidance of Dr. B.S. Bansal, Chairman & Managing Director of the group, it mastered the technique of urinary stone management by keeping abreast with the latest medical breakthroughs, state of the art technologies and international standard equipment. The group owns and manages 8 hospitals in New Delhi, Chennai, Mumbai, Ludhiana, and Joint Venture Partnership in Kolkata, Bangalore, Jaipur and Gurgaon. To its credit the hospital has done than 1,00,000 surgeries till date from India and abroad. The group has been certified by Guinness Book of World Records for treating the Largest Kidney Stone (13 cms) in the world. R G Stone Urological Research Institute is fully equipped with State-of-the-art, U.S. FDA approved and International Standard equipments. The group has achieved ISO 9001:2000 Certificate for Lithotripsy, Endourology, Holmium Laser, Laparoscopic Surgeries and Diagnostics.
