

Remote Data Exchange, Pune grabs order for Container Tracking System from giant ITC Ltd. Bangalore

GPS/GPRS and RFID tag based modern Container Tracking System (CTS) to be deployed for ITC Ltd. Bangalore

Pune, M.S., IND, 2008-05-09 11:35:20 (IndiaPRwire.com) After grand success in GPS based Passenger Infotainment Systems for Indian Railways, Remote Data Exchange has grabbed order from giant ITC Ltd. Bangalore for Container Tracking System. A mixture of GPS, GPRS and RFID technology based solution will now help in finding materials lying in Containers. Material tracking as well accurate position of Container along with the height from the ground is possible through this solution now. "It is proud moment for us here at Remote Data Exchange and we really feel that its an honor for us to get this opportunity to serve giant like ITC Ltd. Bangalore. Our hard work from last 6 years in the field of GPS, GSM and RFID has started showing its colors now" said Mr. Tushar S. Wakde, Managing Director, Remote Data Exchange, Pune.
