

Blue Star Infotech makes Indian Card Clothing Company Ltd. business-agile

Blue Star Infotech (BSI), a leading provider of IT Solutions and Services in the Indian market and an Oracle Certified Partner, announced today that it has successfully implemented the Oracle eBusiness Suite 11i for the Indian Card Clothing Company Ltd. BSI completed the implementation within the stipulated time frames and enabled Indian Card Clothing to integrate their business processes.

Mumbai, Maharashtra, IND, 2008-05-15 10:31:52 (IndiaPRwire.com)

According to Mr. A. D. Dahotre, V.P (Finance) & Company Secretary, Indian Card Clothing:- "The Indian Card Clothing Company selected the Oracle solution to drive its key business processes. We selected Blue Star Infotech to implement the solution for their abilities in successfully delivering the Oracle Solution for the Manufacturing Industry. Oracle Manufacturing, Purchase, Order Management, Finance, Core HRMS and EAM were implemented by Blue Star Infotech in time. The solution is streamlined and business processes have been seamlessly integrated resulting in making information available for decision making and lending agility to the operations."

According to Satish Gaonkar, Vice President, Consulting Services Practice of BSI - 'Blue Star Infotech has implemented and supported the Oracle eBusiness Suite for a number of leading manufacturing and services companies in India such as Excel Industries, Privi Organics, GTL Infrastructure and is currently engaged with many medium to large organizations. Our expertise in implementing IT solutions for the Indian market coupled with our strong relationship with Oracle enabled BSI to successfully meet the expectations of Indian Card Clothing Company Ltd.'

- END -
