Bangalore, Karnataka, IND, 2008-05-20 14:01:00 (IndiaPRwire.com)

Skelta Software, a leader in BPM and Workflow solution recently announced a partnership with Inspro as their Value Added Reseller for the Asia Pacific market. Inspro Solution Limited provides an array of innovative solutions that enable their customers to maximize returns on investment

Speaking on this collaboration, Paritosh Shah Executive VP Strategic Partnerships, Skelta Software said 'This partnership is important on more than one count. It strengthens Skelta's presence in the Asia Pacific market and also allows us to leverage on Inspro's extensive experience and technology expertise to enhance the value of our offerings to this region'.

**- END -**

### **About Inspro**

Inspro Solution Limited provides a series of innovative solutions, assisting customers to maximize their return on investment. As Information technology (IT) infiltrates our daily operation, Inspro empowers customers to improve performance and expand their business base on a fully integrated solution.

Inspro Solution provides a one-stop service to solve customers' business problems instead of selling products off-the-shelf in order to tailor needs using inspiration and experience.

Inspro Solution delivers excellent support and implementation service to ensure a smooth transition for customers to a single, fully integrated solution. With professional services, Inspro customers obtain an I.T.I.L standard service support to ensure high quality, cost competitive, audit trail services.

### **About Skelta Software**

Skelta is an innovative software product company specializing in enterprise-wide Business Process Management (BPM) and Advanced Workflow solutions for small to large-sized businesses worldwide. Its flagship product, Skelta BPM.NET 2006 is a BPM workflow software that is built on cutting-edge Microsoft .NET, XML, and Web services technologies. It is also the world's first embeddable workflow engine. Skelta enables business users and developers to design and deploy workflow applications using software tools with which they are already familiar. In addition, Skelta enables businesses to leverage on their existing investments in Microsoft technologies such as InfoPath, BizTalk Server, and SharePoint.

Skelta, a recent recipient of the 2008 CODiE Awards Finalist, has also won several other awards at industry forums such as Microsoft 2006 Regional Winning Customer Award, Microsoft Tech-Ed 2007 Attendee Choice Award , Finalist in 2007 International Business Awards (Stevie Awards), Best of

Tech Ed award in the Software Components category and NASSCOM IT Innovation 2005 Award. Skelta has also been named one of Asia's top 100 companies by Red Herring magazine and acknowledged twice as one of the fastest growing technology companies in India and Asia Pacific region by winning Deloitte Technology Fast 50 India & Deloitte Technology Fast 500 Asia Pacific Awards for 2006 and 2007.
