

Gati Air Express-Redefining Connectivity To Match Business Needs

Gati Air Express, the latest offering from Gati is in answer to the needs of the business segment to meet the demanding timelines of today's businesses. Gati Air Express delivers shipments across all major locations the very next day during business hours, and to some prime locations even before noon! A fleet of dedicated freighters (cargo planes) that fly during the night, and a seamless multimodal network that goes down to the last mile, to ensure that your shipments arrive on time. The company has assured the customer, freight would be refunded if the assured timelines are not met by the company.

Hyderabad, AP, IND, 2008-05-21 14:44:20 (IndiaPRwire.com)

Gati is a pioneer and leader in the Express Distribution and Supply Chain Solutions in India. It was the revolutionary approach adopted by Gati that helped launch many path breaking initiatives in the logistics segment and many were the firsts for the Indian market. In a span of 18 years, Gati has consistently explored various ways to bring premium value to the customer. Always setting benchmarks in quality of service and customer satisfaction.

Gati Air Express, the latest offering from Gati is in answer to the needs of the business segment to meet the demanding timelines of today's businesses.

Gati Air Express delivers shipments across all major locations the very next day during business hours, and to some prime locations even before noon!

A fleet of dedicated freighters (cargo planes) that fly during the night, and a seamless multimodal network that goes down to the last mile, to ensure that your shipments arrive on time. The company has assured the customer, freight would be refunded if the assured timelines are not met by the company.

Gati is very confident that this service will serve as a boon to the business community.

To announce and promote this service, Gati has launched a national press campaign. Gati will continue in its quest to meet business needs of today's businesses, redefining connectivity to match the needs of the discerning customer, added Mr. Mahendra Agarwal, Managing Director & CEO of Gati Ltd.

Gati has over 4000 vehicles on road covering 594 out of 608 districts, mechanronic warehousing facilities of 1.5 million sq. ft. across all major cities thus offering truly world class single window solutions to the customers.

Be it flexible point-to-point distribution solutions or complex end-to-end integrated logistics solutions or supply chain management, Gati does it all with great effectiveness and reliability, and enjoys the trust of a large customer base.

In 1996, Gati tied up with Indian Airlines to facilitate speedier delivery of shipment. This twelve-year relationship has now been further strengthened with the launch of the co-branded (Air India Gati) air cargo and courier service. This lethal combination will demonstrate the value the customers can derive from the synergies of the two majors in air and surface networks.

Gati was the first to run the millenium parcel express train in October 2001 between Mumbai and Kolkata with 10 VPUs. Unfortunately in the year 2003, this initiative was discontinued. Once again Gati has taken the initiative to run the parcel express train between KYN (Mumbai) and NGC (Guwahati). The parcel train is a classic example of PPP (Public Private Partnership).

The Gati advantage of seamless connectivity across air, road, ocean and rail has resulted in a plethora of offerings to the customer unmatched in the industry. Besides having a strong network in India, Gati has a strong market presence in the Asia Pacific region and SAARC countries. Today, Gati has offices in China, Singapore, Japan, Dubai, Hong Kong, Thailand, Nepal and Sri Lanka and have plans to foray into other markets.
