

CafeGadgets offers 100% CASH BACK on all purchases made through its online store

Cafegadgets.in, India's leading online retailer of cutting edge gadgets and gizmos has announced an extremely exciting 100% Cash Back Offer on all purchases made through the site till June 15! This never-before kind of offer by CafeGadgets commemorates the completion of first year of its operations

Gurgaon, Haryana, IND, 2008-05-28 15:52:44 (IndiaPRwire.com)

Cafegadgets.in, India's leading online retailer of cutting edge gadgets and gizmos has announced an extremely exciting 100% Cash Back Offer on all purchases made through the site till June 15! This never-before kind of offer by CafeGadgets commemorates the completion of first year of its operations. This is yet another initiative by CafeGadgets to enhance its presence amongst the online retail companies in India and the first-of-its-kind by an IT products retailer.

Mr. Hitesh Dhingra, Business Head, CafeGadgets.in, said, 'CafeGadgets has received excellent response from people spread all across the country. Through this unique 100% Cash Back Offer, we aim to enhance the number of transactions on our site by encouraging repeated purchase amongst our site visitors. We are confident that everyone visiting CafeGadgets would like to avail this excellent opportunity and grab their favourite gadgets on heavily discounted prices.'

This offer is not restricted to just a few products but is applicable on any and all products listed at CafeGadgets under any category. The fact that there are thousands of IT products, gadgets and gizmos available at CafeGadgets makes the offer all the more exciting for those who like to keep pace with the rapid advancements in technology! The various products on offer at CafeGadgets include bluetooth devices, computer peripherals, desktop PCs, digital cameras, external hard drives, electronics and gaming products, LCDs / plasma screens, mobile accessories, memory cards / USB drives, mobile handsets, MP3 and MP4 players, iPods, networking products, notebook accessories, notebooks / laptops, PC components, PDAs / smart phones, printers, projectors, scanners, speakers, storage media, telephones, UPS and IT consumables.

'Our aim through this exciting offer is to promote the concept of e-shopping in India and generate a buzz around the wide array of technology products and gadgets that are available on CafeGadgets at the most competitive prices compared to the traditional retailers,' added Mr. Dhingra.

This offer from CafeGadgets is also conceptually different from run-of-the-mill 'up to 100% cash back' deals that depend upon a lucky draw. The CafeGadgets' 100% Cash Back Offer is unique in its feature that everyone making a purchase on CafeGadgets till June 15 is sure to get a gift voucher of the same amount that they spend. The customer can redeem his voucher on his next purchase on CafeGadgets within 1 month of purchase subject to certain terms and conditions. For example, if a customer buys a mobile phone worth Rs.5000, he will get a gift voucher worth Rs.5000 redeemable on his next purchase on cafegadgets.in, which is to be made within the next 1 month of purchase.

CafeGadgets.in, one of the largest technology and digital lifestyle superstores on the online space in India, is a unique business-to-consumer (B2C) portal. It is a one stop destination to buy Mobiles,

Digital Cameras, Laptops, Desktops, iPods, Pen Drives and a gamut of IT products. Cafegadgets.in guarantees its customers the most competitive prices as all the products offered by the online store are inclusive of applicable taxes and have no hidden costs or shipping charges etc.

Only recently, CafeGadgets had introduced CafeGadgets Mobile Search, the first-of-its-kind extensive product and price search on mobile phones. Anyone planning to buy a gadget like a laptop, digital camera, mobile phone or an ipod etc. can just send an SMS and check the prices on Cafegadgets.in to do a fair comparison.

- END -

About CafeGadgets.in

CafeGadgets.in is a fastest growing IT and Consumer Electronics e-tailor in India that offers a comprehensive range of over 50 brands and 1400 technology and digital lifestyle products at heavily discounted prices. All of their products come with original manufacturer's warranty. The online shopping portal offers massive discount in the prices as compared to the normal street price of the products as it has direct business tie-ups and arrangements with leading IT brands (manufacturers and vendors) and their tier-1 distributors. This helps the portal cut margins at various levels of distribution resulting into significant reductions.

Besides, the portal has a fully evolved logistic network spanning all market geographies in the country. Cafegadgets.in is the only portal of its kind to offer free doorstep delivery of products in shortest possible time without any charges whatsoever. As a result, the customer pays exactly what is listed on the portal rather than misleading and escalated costs including shipment charges—as is the case with most e-commerce ventures. Deliveries in metro cities are done within three days while those in other places take a maximum of seven days from payment realization.
