

## ViewSonic bags No. 1 slot in terms of unit shipments in standalone 22" wide screen LCD monitors during Q1 2008

*ViewSonic® Corporation, a leading global provider of visual display products has garnered the No. 1 slot in the India standalone 22" widescreen LCD monitor category. As Per IDC's Asia/Pacific Quarterly PC Monitor Tracker, 1Q 2008, ViewSonic has led the race with a 53.1% market share in terms of unit shipments of 22" W Non-Bundled LCD Monitor market segment in India ahead of all other major competing brands.*

Mumbai, Maharashtra, IND, 2008-07-08 16:11:04 (IndiaPRwire.com)

ViewSonic® Corporation, a leading global provider of visual display products has garnered the No. 1 slot in the India standalone 22" widescreen LCD monitor category. As Per IDC's Asia/Pacific Quarterly PC Monitor Tracker, 1Q 2008, ViewSonic has led the race with a 53.1% market share in terms of unit shipments of 22" W **Non**-Bundled LCD Monitor market segment in India ahead of all other major competing brands.

In its commitment to provide global hardware standards for the Indian market, ViewSonic pioneered by launching innovative display solutions suiting the varied needs of Indian customers. Leading the change, ViewSonic moved the market from 15" to 17" wide screen monitors in 2006, followed by again establishing 19"W as the preferred LCD monitor screen size in 2007. The lead in 22"W LCD Monitor segment in 2008 is a step forward in reassuring ViewSonic's commitment of providing the latest display technology solutions for the Indian market.

Speaking on the occasion Mr. Gautam Ghosh, Country Manager, ViewSonic Technologies India Pvt. Ltd. said "Big and widescreen LCD monitors, today are an important segment of the India visual display market owing to their obvious benefits. ViewSonic's leadership in the 22"W non-bundled LCD monitor segment reinforces the fact that we are on the right growth path in India. I thank the entire channel fraternity for helping us move in the right direction. This news will help us to further reinforce and strengthen our brand perception in the Indian market."

In alignment with the growth plans for India, ViewSonic recently introduced two new series of LCD Monitors for the Indian market. With an exquisite style and an alluring design the VX62 series of LCD Monitors come with up to 20,000:1 contrast ratio for the ultimate gaming and entertainment performance. Targeted for the government office and classroom, the new energy saving Green LCD's displays from ViewSonic - VA1918wm and VA1928wm deliver ViewSonic's affordable, award-winning technology with bright, crisp images, rich colors, fast response time and pinpoint sharpness. ViewSonic LCD monitors are backed by a three-year limited warranty on parts and labor.
