New Delhi, Delhi, IND, 2008-07-08 15:37:55 (IndiaPRwire.com)

MapmyIndia today announced a massive addition of detailed maps to its award-winning GPS navigation device, MapmyIndia Navigator. With this release, MapmyIndia Navigator 2.0 now offers an unprecedented and unparalleled coverage of street-level maps for 174 cities, extending its dominance as India's premium GPS navigation product. In comparison, others are offering navigation on phones and devices with limited and basic maps ranging from 6 to 30 cities. This release throws open an entirely new market of Indian consumers living and traveling beyond the metros, who can benefit from the convenience and comforts of full-featured GPS navigation. Existing MapmyIndia Navigator owners can upgrade to version 2.0 for free.

Travel made easy in tier 2 and 3 cities as well

In a country where road signs are often non-existent, traveling and driving can become a frustrating experience. With the MapmyIndia Navigator containing street level maps for 174 cities (*refer to box*), travelers are effortlessly guided to their destination without needing to stop and ask strangers. With over 4,50,000 points of interest available, such as ATMs, restaurants, hotels etc., people can search for nearby places conveniently and get information about that place as well. The sleek satellite-connected device shows you in real-time where you are and in which direction you are headed, besides giving you accurate and detailed turn-by-turn voice and map instructions to your destination. The innovative features and comprehensive map coverage of the MapmyIndia Navigator recently won it the Geospatial Product of the Year 2008.

'With detailed maps of 174 cities now available on MapmyIndia Navigator 2.0, we are reaching out to the large Indian consumer market that lives beyond the major metros. This is a new step not only for MapmyIndia, but also for the GPS navigation industry as a whole, as we introduce more Indian consumers to the concept of safe and comfortable traveling. We remain committed to making available the best maps and navigation products to Indian consumers, today and in the future', says Rakesh Verma, MD, MapmyIndia.
