Pune, Maharashtra, December 23, 2009 /[India PRwire](http://www.indiaprwire.com)/ -- Emmel Vheelers an e-bike manufacturing company based at Ichalkaranji (Maharashtra) will mark its presence at India's most sensational Automobile Exhibition, Auto Expo 2010 in New Delhi. This grand expo is scheduled to be held at Pragati Maidan between 5th and 11th January 2010. The show will witness the launch of Emmel Vheelers' new products which include Hybrid Three Wheeler, Vee Way Personal Transporter, Fast battery chargers, High power e-motor cycle, High power scooter - Vee Power. Along with this, the stall will also have the latest range of V-Bikes on display for the visitors. They would also showcase important electric bike's accessories like batteries, fast chargers & controllers which they have made in house.

Incepted in 2008, Emmel Vheelers started a dedicated manufacturing unit of e-bikes at Ichalkaranji. This facility is well equipped with state of the art production set up and a team of highly skilled mechanics, technicians and engineers. Within a little time span from inception, Vee Bikes has become a popular e-bike brand across many regions in Maharashtra. The Bikes are known for stylish designs, enhanced power, excellent pick up and superior performance. Highly economic ownership cost makes them a right choice of the value conscious buyers. The bikes don't require registration, license and are known for eco-friendly drives, ensuring zero pollution.

In order cater to the rising sales enquires, the company has opened sales and service facilities across Maharashtra to reach out customers at all geographies.

After consolidating the market in the state, Emmel Vheelers now intends to extend its sales and service network all over India. Auto Expo 2010 brings to it a right platform to announce these expansion moves and make its presence felt at the national level. As the automobile world is set to witness innovations, trends and technological advances in the upcoming Auto Expo, Emmel Vheelers is set to fetch the attention.
