

## HP ProCurve and Rashi Complete 1 Year of Tie-Up

*ProCurve Networking by HP and Rashi' tie-up completes its 1st year of operations this week. With one year of successful business, the tie-up is now poised for newer heights with new range of products, road shows and certification programs for the partners in the coming year.*

Mumbai, Maharashtra, May 27, 2008 /[India PRwire](#)/ -- ProCurve Networking by HP and Rashi' tie-up completes its 1st year of operations this week. With one year of successful business, the tie-up is now poised for newer heights with new range of products, road shows and certification programs for the partners in the coming year.

Commenting on the 1st year of successful partnership, Mr. Rajanikanth Urs, (Sales Manager – India & South Asia) HP ProCurve said, "Since our tie-up last year we have been able to reach some of the untapped territories and enroll new partners who otherwise were elusive to us. In the last one year we have also introduced products that have pioneered the networking segment in India".

To commemorate this special occasion, both the vendor and the distributor have come up with a range of promotional activities to help partners gain more than ever before. For loyal partners doing business above Rs 5.25 Lacs (on select models) from 1st June – 31st July, there will be a chance to visit London. Besides there will be 3 different slabs of 1, 2 and 3 Lacs so that even the smaller regions are suitably rewarded for their efforts.

"It's been a constant endeavour at Rashi to provide the best of the products and services and ProCurve has been one of the prominent brands we had added to our kitty since last year. Further to this we have been receiving an excellent support from ProCurve which in turn has bolstered our partner confidence on the brand", said Mr. Rohit Agarwal, Deputy General Manager, Rashi Peripherals.

To further strengthen the tie-up, the focus in the next year will be on certification of partners according to their strengths. The certification will be in four categories namely, ProCurve Elite, ProCurve Specialist, ProCurve Professional and ProCurve Select. Each of these categories will be having a limited number of partners to begin with and will be constantly monitored by ProCurve.

In order to create more visibility and brand recall for ProCurve POS activities like Dangers and glow sign boards for selective partners are on the anvil.

### Notes to Editor
