

## Netgear rolls out RangeMax Dual Band Wireless-N Router WNDR3300

*helps consumers surf, email, stream HD video, on-line game, make Internet phone calls in one go*

New Delhi, Delhi, July 24, 2009 /[India PRwire](#)/ -- Netgear(R), Inc. (Nasdaq: NTGR), a worldwide provider of technologically innovative, branded networking solutions announced the launch of the Netgear RangeMax Dual Band Wireless-N Router WNDR3300. This would enable customers to have better connections and boost their performance.

Netgear RangeMax Dual Band Wireless-N Router WNDR3300 is specifically designed to provide enough bandwidth to surf the Internet, stream HD videos, play on-line games, make Internet phone calls, simultaneously. It would enable customers to wirelessly connect to new devices easily with the Push 'N' connect feature. It automatically adjusts to the needs of Internet, voice, video and gaming applications (QoS).

### Features:

- Push 'N' Connect using Wi-Fi Protected Setup™ (WPS) allows you to add computers to the network quickly and securely2
- Configurable as a wireless repeater for extending dual band range
- Easy setup with Smart Wizard® installation CD
- 'Dual Band' delivers a better connection with more channels, avoiding interference from household devices

On the launch of Netgear WNDR3300, Mr. Atul Jain, Country Manager, Netgear India and SAARC said: "Wireless-N Router WNDR3300 is actually an all-in-one product at an affordable price point. As the market slow down has impelled the consumers and SMEs to curtail their investments on the expensive and multiple technology products, WNDR3300 brings a new lease of life."

He adds, "On the other hand, this product will make our channel partners and distributors to penetrate into the consumers' and SME market more aggressively. They know that Indian consumers' buying of PCs for the purpose of gaming or surfing has increased substantially and Netgear products are really qualitative and affordable for those purposes."

### Pricing and Availability:-

The product would be available in India through Rashi Peripherals and Ingram Micro, the authorized distributors of Netgear at a price of Rs. 7000/-

### Notes to Editor

#### About NETGEAR, Inc.

NETGEAR (NASDAQGM: NTGR) designs innovative, branded technology solutions that address the specific networking, storage, and security needs of Small-to Medium-sized Businesses (SMBs) and home users.
