

BMGI India announces OHSAS 18001 training and Certification program in November 2008

Breakthrough Management Group India, a leading provider for training and consulting services in process management, is pleased to announce the next OHSAS 18001 (IRCA registered) Lead Auditor Training and Certification course with BSI, a leading certification body. The course is registered with international body IRCA. The participants will be awarded an internationally recognised certificate on successful completion of the certification criteria

Mumbai, Maharashtra, October 13, 2008 /[India PRwire](#)/ -- With the increased awareness of the impact of industrialization on the environment and the society at large, leading corporations are taking responsible actions towards sustainable development. Further many companies have become aware of their Corporate Social Responsibilities (CSR) and are doing excellent work to integrate themselves with the larger context for mutual benefit and growth of the community.

Breakthrough Management Group India (formerly Qualteam Consultants), a leading provider for training and consulting services in process management, is pleased to announce the next **OHSAS 18001 (IRCA registered) Lead Auditor Training and Certification course** with **BSI**, a leading certification body. The course is registered with international body **IRCA**. The participants will be awarded an internationally recognised certificate on successful completion of the certification criteria.

Our course is designed to provide:

- A comprehensive understanding of the requirements of the standard and its applicability in your organization.
- Enable the creation of a roadmap for implementation.
- Create internal capability to maintain and audit the Occupational Health and Safety Management System effectively.

Please find the course brochure attached with this mail for further details.

The dates for the course are **17th to 21st November 2008**.

Notes to Editor
