

## **CSCMP Mumbai Work Shop on Game Theory in NMIMS Mumbai**

*An expert perspective of the use of game theory in business by Presh Talwalkar*

Mumbai, Maharashtra, February 9, 2010 /[India PRwire](#)/ -- **Game theory** offers a systematic way of analyzing strategic decision-making in interactive situations. Thus the value of game theory lies in understanding the interactions and the likely outcomes of a business issue when the end result is dependent on the actions of others who have potentially conflicting motives. It helps to identify specific strategic opportunities & develop an optimal, robust strategy.

**Day: 10th February 2010**

**Time: 6:30 pm -8:30 pm**

**Venue: NMIMS University, 7th Floor, UPG building,**
