

Amdocs Employees Volunteer to Support Children around the World

Amdocs marks United Nations' Universal Children's Day with activities to support more than 3,500 children across four continents; company launches global donation drive for UNICEF

Pune, Maharashtra, November 26, 2009 /[India PRwire](#)/ -- Amdocs, the leading provider of customer experience systems, continues to support the Universal Children's Day celebrated on November 20. Amdocs has launched several volunteering activities globally to support more than 3,500 children in the communities where Amdocs' employees live and work. In addition, Amdocs has launched a global employee donation drive for UNICEF, the world's leading agency for children's rights, survival, development and protection.

Activities organized by Amdocs' employees to mark the Universal Children's Day include:

- In Pune, India, Amdocs organized a full day event, including games, a magic show and a painting competition for both employees' children and 125 children from local institutions;
- Amdocs' Cyprus branch hosted 86 elementary school children to communicate the significance and the impact of Universal Children's Day, as well as to enjoy a show performed by Amdocs employees;
- In the U.S, Amdocs employees will prepare and celebrate a Thanksgiving meal with children at a shelter in Denver, Colorado. Amdocs will also host a movie day at a children's home in Sacramento, California;
- In Israel, employees will accompany more than 550 children from local boarding schools on an ecological day trip to a unique national park, which brings ancient landscapes to life.

This is the second year that Amdocs is conducting a donation drive for UNICEF in conjunction with the Universal Children's Day. Last year, Amdocs' donation helped UNICEF improve the lives of children in Southern Sudan, including the demobilization of more than 80 child soldiers, and the provision of psycho-social support, lifeskills and healthcare education to more than 4,000 children.

These initiatives are part of Amdocs' ongoing global community relations program which focuses on children at risk, supporting their well-being and providing them with educational opportunities. Hundreds of Amdocs employees invest their time by volunteering at local community partners, comprised mainly of institutions for children at risk. Amdocs also donates funds to these organizations.

Notes to Editor

About Universal Children's Day

Universal Children's Day was established by the United Nations in 1954 and is observed as a day of worldwide activity devoted to promoting the ideals and objectives of the Convention on the Rights of the Child and the welfare of the children of the world.

About UNICEF

UNICEF has been the world's leading agency for protecting children since 1946, working in over 150 countries to help children survive and thrive, from early childhood through adolescence. The world's largest provider of vaccines for poor countries, UNICEF supports child health and nutrition, quality basic education for all boys and girls, and the protection of children from violence, exploitation, and AIDS. UNICEF is funded entirely by the voluntary contributions of individuals, businesses, foundations and governments.

Amdocs Forward-Looking Statement

This press release includes information that constitutes forward-looking statements made pursuant to the safe harbor provision of the Private Securities Litigation Reform Act of 1995, including statements about Amdocs' growth and business results in future quarters. Although we believe the expectations reflected in such forward-looking statements are based upon reasonable assumptions, we can give no assurance that our expectations will be obtained or that any deviations will not be material. Such statements involve risks and uncertainties that may cause future results to differ from those anticipated. These risks include, but are not limited to, the effects of general economic conditions, Amdocs' ability to grow in the business segments it serves, adverse effects of market competition, rapid technological shifts that may render the Company's products and services obsolete, potential loss of a major customer, our ability to develop long-term relationships with our customers, and risks associated with operating businesses in the international market. Amdocs may elect to update these forward-looking statements at some point in the future, however the Company specifically disclaims any obligation to do so. These and other risks are discussed at greater length in the Company's filings with the Securities and Exchange Commission, including in our Annual Report on Form 20-F for the fiscal year ended September 30, 2008, filed on December 8, 2008, and in our quarterly 6-K furnished on February 9, May 12, and August 10, 2009.
