

Huawei Symantec signs up iValue as its national VAD

Huawei Symantec Technologies Co. Ltd., world leading storage & security solutions provider, announced signing iValue InfoSolutions as its National Value Added Distributor.

Bengaluru, Karnataka, February 8, 2010 /[India PRwire](#)/ -- [Huawei Symantec Technologies Co. Ltd.](#), world leading storage & security solutions provider, announced signing [iValue InfoSolutions](#) as its National Value Added Distributor. Huawei Symantec is a joint venture between Huawei Technologies - world leader in telecom solutions and Symantec Corporation - world's leading Software Company focused on security, storage & system management solutions.

Huawei Symantec inherits the excellent genes of the parent companies - highly reliable and scalable system capability from Huawei & years of experience and knowledge in information security & storage from Symantec. Huawei Symantec is focused on network storage, security & software solutions and has over 1000+ key customers in 40 countries across 100+ partners covering 7 regions including customers of India top telecom carriers. Huawei Symantec with head quarters at Chengdu, China and four R&D centers world-wide, employs over 4000 with 55% of them in R&D with over 500+ patents.

Storage offerings include SAN - IP/FC, NAS, VTL, storage server, Virtualization gateway, cloud storage node. Security offerings include Firewall, IDS/IPS, UTM, SSL/IPSEC VPN, unified Security gateways. Huawei Symantec can also resell Huawei switches and server product to industry customers.

Alex Zhang, Chief Operating Officer at Huawei Symantec said "*iValue's proven expertise in India, across key customer & channel, with end to end capabilities will help develop our business in India and address customer's needs in information security and storage.*"

S Sriram, CEO at iValue InfoSolutions said "*iValue & Huawei Symantec share many synergies - Customer focused Mission, Security & Storage market focus, strong background with aggressive growth plans. We are keen to complement mutually and win together for our customer & partners, through this alliance.*"

Notes to Editor
