

eScan participates in EXPOCOMM Mexico 2010

EXPOCOMM 2010, the World's Leading Telecom and Broadband Technology Event taking place in Mexico.

Mumbai, Maharashtra, February 23, 2010 /[India PRwire](#)/ -- eScan, one of the leading Information Security solutions that provides proactive protection against virus, spam, trojan, and many other information security threats announced that it would be a part of EXPOCOMM 2010, the World's Leading Telecom and Broadband Technology Event taking place in Mexico. EXPOCOMM Mexico 2010 is scheduled from February 23-25 2010

eScan will be exhibiting its latest advancements in the eScan range of products in EXPOCOMM. Built on the revolutionary MicroWorld Winsock Layer Technology and combined with multi layer protection eScan provides total protection even against zero day threats. MicroWorld Winsock Layer (MWL) is a revolutionary technology developed by MicroWorld that works on the Winsock Layer and prevents all threats before they enter the user's system.

Mr. Govind Rammurthy, **CEO & Managing Director of eScan**, said "The advent of Web 2.0 and the large scale adoption of social networking sites have opened up several opportunities for the cyber criminals. Therefore, an information security solution like eScan is very essential to deal with the ever increasing risk of malicious attacks. Since its launch in 2009, eScan has received a lot of accolades and awards, infact recently eScan has been awarded gold certification from AV Comparatives for excellent malware removal."

Mr. Sunil Kripalani, **Vice President - Global Sales & Marketing, eScan**, sharing his views said, "B3 FORUM, BROADBAND FOR BUSINESS powered by EXPO COMM is the international business forum created to explore the potential opportunities of the Broadband growth in Mexico. The convergence of the different technologies has achieved the growth and development of broadband dictating the future of the technology. It is an excellent opportunity for eScan to mark its presence in Latin America."

About EXPOCOMM Mexico 2010

At EXPO COMM MEXICO 2010, which is happening in the hub of Latin America: Mexico City, Techistan and E.J. Krause & Associates will present the Green Comm Award application. Awards will be given in three categories including: companies who manufacture equipment and systems inside or outside of the country, but trade within Mexico, private organizations who apply these types of programs, or private organization who participate in social responsibility and environmental care programs.

Notes to Editor

About eScan
