

Kijiji launches Free Matrimonial Service across cities

Designed to connect people and build local communities, Kijiji India, the online classifieds-style website that allows local communities to meet, help one another and interact, today announced the launch of a free classified Matrimonial Service for its users across 12 cities in India- Mumbai, Delhi, Bangalore, Chennai, Hyderabad, Kolkata, Ahmedabad, Coimbatore, Chandigarh, Kochi, Mysore & Pune.

Mumbai, Maharashtra, April 5, 2007 /[India PRwire](#)/ -- Designed to connect people and build local communities, Kijiji India (www.kijiji.in), the online classifieds-style website that allows local communities to meet, help one another and interact, today announced the launch of a free classified Matrimonial Service for its users across 12 cities in India- Mumbai, Delhi, Bangalore, Chennai, Hyderabad, Kolkata, Ahmedabad, Coimbatore, Chandigarh, Kochi, Mysore & Pune. The new service will cater to the growing community of online users and help them post free ads in an easy & quick manner and interact with people within their city, who could be potential life partners.

Kijiji's new matrimonial service will work as a friendly online neighborhood matrimonial service. It will offer comfort and convenience. The new service by Kijiji will allow the community to come together and interact with each other to seek the right soul mate. It is a great way to help Indians feel more connected to their local communities.

Jiby Thomas, Head, Kijiji India, said "Kijiji has been successful in creating a connect with the local community and has helped people solve their basic needs by enabling them interact with each other. We are indeed delighted to extend our service and offer our community with free matrimonial services, which will help them connect and seek their potential life partners in a simple and convenient manner."

Kijiji is a simple, easy-to-use and convenient platform that meets the personal needs of the local community in a city. Kijiji can help you to buy or sell a used car, look for an apartment on rent, buy or sell a house, look for a job or hire people, and much more. You can even share local information and promote local community events.

Notes to Editor

About Kijiji

Kijiji, which means "village" in Swahili, is a group of classifieds-style Web sites that offer a convenient, fun, and easy-to-use way for people in the same city to meet, share ideas, trade, and help one another out in a range of areas such as Real Estate, Jobs, Community, Motors and Services. Kijiji sites are currently available in more than 200 cities around the world.

In India, Kijiji launched in November 2005 & is now present in 12 cities in India – Mumbai, Delhi, Bangalore, Chennai, Hyderabad, Kolkata, Ahmedabad, Coimbatore, Chandigarh, Kochi, Mysore & Pune.
