

BMG India Announces next Six Sigma Black Belt Training and Certification program in Mumbai

Extensive 24 Day Six Sigma Black Belt Open Enrollment training in Mumbai in the form of 4 days Define, 5-5 Days each for Measure, Analyze, Improve and Control phases from BMG India.

Mumbai, Maharashtra, March 28, 2008 /[India PRwire](#)/ -- Black Belts are change agents, critical to the success of a Six Sigma deployment. They play an important role in spreading the Six Sigma culture and serve as a technical resource on Six Sigma for the organization. Their functioning in a full-time capacity is one of the critical success factors that ensure long term sustenance of Six Sigma that delivers results.

BMG is glad to announce the next 24 days Six Sigma Black Belt Training and Certification course in Mumbai. This course will be conducted in five phases in a 4-5-5-5-5 format.

The proposed dates of the training are:

Define : 26-29 May 2008

Measure : 23-27 June 2008

Analyze : 28 July- 1 August 2008

Improve : 25- 29 August 2008

Control : 22 – 26 September 2008

Highlights of the course:

BMG's Adult Learning Model shall ensure that the participant is able to get a hands-on learning of the DMAIC methodology and its tools. The focus of the training is on bringing about a thorough understanding of the Six Sigma concepts and their application to ensure sustainable capability development in the participant.

This course includes one day Change Leadership Workshop to help Black Belts to effectively manage, support and motivate teams to achieve their desired goals.

Certification requirements:

In order to get certified from BMG University, the participant will need to:

1. Complete the course
2. Pass four online exams of four hours each with minimum 70% and,
3. Submit one completed project report

Pre-requisites:

Each participant should carry a Laptop Computer with MS Office & Minitab version 14 pre-loaded. We will provide a 30 days demo version of Minitab software for first time use. The laptop should not have Minitab 14 Demo already installed and expired before coming to the training.
